- Whereas: Barry Park's ultimate restoration, guided in principal by both user and neighborhood requests and/or the City's Open Space & Recreation Plan, will greatly enhance this facility with a new splash pad (the only one in West Lynn), court improvements and additional parking, etc.; and
- Whereas: The overall cost and fiscal budget constraints prevented the City from proceeding forward with the implementation of this project; and
- Whereas: The project was viewed as a series of phases to be implemented over time, by priority, as fiscal resources become available, with intention of securing grant funding, when and if available, to assist in this effort; and
- Whereas: The Executive Office of Energy and Environmental Affairs (EOEEA) is offering reimbursable grants to cities and towns to support the preservation and restoration of urban parks through the Parkland Acquisitions and Renovations for Communities grant program (301 CMR 5.00); and
- Whereas: This phase of the Barry Park Improvements Project will cost a total of \$580,000 and the City has allowed \$180,000 in Community Development Block Grant fund to supplement \$400,000 in PARC funds.

NOW, THEREFORE, BE IT

1. That the mayor be and is hereby authorized to file and accept grants from the Executive Office of Energy and Environmental Affairs.
2. That the mayor be and is hereby authorized to take such actions as are necessary to carry out the terms, purposes and conditions of this grant to be administered by the Office of Economic and Community Development.
