**EMERGENCY PREAMBLE**

WHEREAS, A Special Emergency exists involving the peace, health and safety of the people or their property in the City of Lynn  
WHEREAS, An Emergency exists, therefore be it voted by the Lynn City Council that the foregoing constitutes an Emergency.  
**SEE ORDER ATTACHED**

# CITY OF LYNN

*In City Council* JULY 14, 2020

Ordered to approve the FY2021 Budget of \$375,433,035.00 with the following amendments:

1. Reduce the General Reserve Account 98035-7800 by \$146,500 and place those funds into the Senior Center Account 65325-3890 to increase the Senior Center budget to a total of \$171,500
2. Reduce General Reserve Account 98035-7800 by \$25,000 and place those funds into 11115-7903 Account which resides within the Mayor's budget to be renamed the Equity and Inclusion Assessment Account.

# City of Lynn

*Thomas M. McGee*  
Mayor

Enclosed please find the Fiscal Year 2021 City of Lynn operating budget totaling \$375,433,035.

The COVID-19 pandemic we have endured over the past four months has triggered an unforeseeable financial crisis nationwide, including here in the City of Lynn. With economic activity all but grinding to a halt, usual local revenue-generating operations and revenue streams significantly curtailed, as well as an expected substantial reduction in state aid from the Commonwealth, we are forced to make difficult yet necessary decisions in order to balance this budget.

As of the date of the passage of this budget by the Council, there has been no agreement at the federal level about providing financial support to help municipalities offset losses that resulted from COVID-19. Therefore, we cannot plan on those dollars for assistance and have made significant adjustments to our spending in order to balance our budget. Each department is sharing in the sacrifice required to confront this dramatic, unexpected loss of revenue.

The principal goal of this undertaking was to ensure that we are able to continue to serve our community, maintain all necessary municipal employees, services and programs. Due to the City's careful fiscal planning over the last two years, we have withstood losses through the end of FY20, maintained full employment even at the height of the pandemic, and are able to have a budget without any reduction in our workforce.

The FY21 budget does not reflect a commitment to ending systemic racism in Lynn. I submitted to the Council and the subsequently adopted an amendment that creates an Equity and Inclusion Assessment Account, in the amount of \$25,000, with the intention of the funds to be used for the purposes of supporting the cooperative efforts of City officials and community advocates aimed at ending systematic racism across various sectors, promoting equity and inclusion, and including, but not limited to exploring an unarmed crisis response unit. This is a small first step, and we know that meaningful change will require difficult conversations and thoughtful, concrete action moving forward in the next budget cycle.

This document is a reflection of difficult fiscal decisions during an unprecedented time of crisis in our City, Commonwealth, and country. I am proud of the responsible, thoughtful, and prudent use of taxpayer dollars. If history has shown us anything, it is that economic recovery often occurs over a prolonged period. It is my hope, however, that the diligent groundwork laid over the past two years will allow us to overcome this difficult time sooner than later.

Sincerely,

**Thomas M. McGee**  
Mayor

**From the Desk of the Chief Financial Officer**  
**Michael A. Bertino**

A budget is an estimate of revenue and expenditures for a set period of time. In the City of Lynn our set period is July 1<sup>st</sup> to June 30<sup>th</sup>. We also call this our fiscal year.

The City's budget was designed with the participation of each department throughout the budget process. It involved meetings with the Mayor, his staff, CFO, Comptroller, each department head and support staff.

Drafts of departmental budgets were received in January 2020. Later that month, the Governor released his Fiscal Year 2021 budget, where the City received favorable projections for state aid. In February, we had our first Capital Improvements meeting to outline priorities for the coming fiscal year.

Over the next four months, the City, State, and Country faced an unprecedented public health crisis that resulted in our economy grinding to a halt. A once promising budget forecast for FY 2021, quickly required a new strategy. All unnecessary spending for the remainder of FY20 were eliminated, and Department Heads were asked to reduce their budget proposals for FY21. Open positions have remained unfilled and a revised outlook on anticipated revenue was established.

Due to the pandemic, we can reasonably assume that the State is not going to have the revenue to support the original estimates for FY2021 State Aid released by the Governor in late January 2020. We have received no new information regarding State Aid revenue except that the State estimates it will lose approximately \$4-6 Billion in revenue for FY2021.

As a result of the required business closures for the health and safety of the public, the City has seen significant loss in general fund revenue for various local receipt streams such as meals tax, excise tax and departmental fees.

The combined unforeseeable financial result of the COVID-19 crisis for the City of Lynn's budget to date was a projected deficit of \$7 Million.

With all of this uncertainty, the best option for the City was to provide an annual budget based on a conservative approach to revenue forecasting. In addition to providing a balanced budget, it is equally as important to provide for critical capital items in light of this pandemic. The capital items for Fiscal Year 2021 will be funded through free cash and grant funds. The City will leverage \$4.7 Million in free cash and will receive almost \$20 Million in equipment vehicles and infrastructure improvements.

We have used a consensus of reasonable estimates and assumptions to develop the City's overall revenue picture. Expenditures will be appropriated at marginal levels, and Department Heads will be required to monitor their budget more closely than ever. After all, like everything else this too will pass.

## Budget Summary

The budget as presented totals \$375,433,035. The revenues, which have been hard hit from the COVID-19 pandemic, are comprised of the following:

- Chapter 70 educational funding, which is level funded at the FY 2020 level and includes an upward adjustment for an additional 490 more student. The adjustment increases the base Chapter 70 amount by just over \$5Million, or \$10,208 per student.
- The other State Aid account is Unrestricted General Government Aid (UGGA) and we used a 10% reduction from the final FY2020.
- Real Estate and Personal Property will increase \$141,549,888 and is up from the last year's amount by 2.5 percent.
- The remaining revenue is local receipts, which are projected at \$17.1 Million, down from last year by \$2.7 Million due to the current and future state of the local economy.

It should be noted that local receipts, which is comprised of motor vehicle excise, meal tax, building permits and departmental fees, will be monitored closely to see if any future increases or decreases take place. The tax recapitulation is filed and annually approved by the State in December so we will monitor all revenues closely until that date to see if any adjustments are necessary. Additionally, the FY2021 budget will include a recommended appropriation of \$2 Million from the City's free cash account to support all operating budgets. The balance of the City's certified free cash account will be \$6.9 Million, assuming all pending requests are approved.

Expenditures are also submitted at \$375,433,888 and will require significant monitoring. All budgets received some type of reduction in their line items to help balance the budget. All vacant positions were removed from funding in FY 2021, and our hiring freeze continues until the current fiscal crisis improves. Additionally, all vehicle lease payments will be paid using free cash, which will reduce operating expenses by \$245,000 in FY 2021, and an additional \$58,000 in FY 2022. Other notable reductions that assisted in balancing the budget include a level retirement appropriation plus the normal cost, which saved the City \$1.1 Million.

Capital for FY 2021 will include infrastructure improvements and some equipment purchases. The City will leverage \$1.1 Million from free cash and receive a total of \$18.6 Million in grants to support the Downtown and Essex Street Infrastructure Improvements. An Additional \$70,000 in free cash will be used to support a grant for \$388,000 to mitigate a number of flood areas throughout the City. Equipment purchases will include \$900,000 to replace police radios that are out dated and non-repairable and we will also continue to purchase three police cruisers per year to maintain the fleet.
