

Road Closure and Detour Traffic Plan

- Road: Washington St.
- Bounded by: Western Ave., Franklin St., Loughton St.
- Start Date: **Tuesday September 1, 2015**
- End Date: **Friday September 4, 2015**
- Reason: Installation of a pressure reducing valve to enable temporary switch over to MWRA water system from the Lynn water system while the Lynn Low Service Reservoir cover is replaced.
- Details: Prior testing of the Lynn and MWRA water systems have revealed that the MWRA water system delivers water at a higher PSI (pressure) than the Lynn “Low Service” piping system can safely handle, therefore a special 12x16-inch pressure reducing valve (PRV) must be installed at the existing Lynn/MWRA interconnection located on Washington St. in the vicinity of Ho. # 63.
- The PRV installation will require modifications to the existing MWRA concrete vault housing the 16-inch MWRA valve as well as the installation of approximately 12 linear feet new water pipe to connect MWRA water service the Lynn water system on the other side of the street. This work will require the closure of Washington St. during the daytime construction hours of 7: am to 4: pm.
- Detour Route: Southbound (towards downtown) traffic on Washington St. will be detoured west on Western Ave. to south on Franklin St., then east on Loughton St., returning back to Washington St.
- Northbound (towards Boston St.) will be detoured west on Loughton St., to north on Franklin St., then east on Western Ave returning back to Washington St.
- See attached detour plan.
- Emergency Vehicles: No between Western Ave. and Endicott St. Yes between Endicott St. and Loughton St.
- Abutters: Yes
- Onsite Contact: William Rousseau 781 858 3354
- Supervisor: Rick Dawe 781 596 2400 x 302

CONSTRUCTION NOTICE

WASHINGTON ST. ROAD CLOSURE AND DETOUR

SEPTEMBER 1, 2015 THROUGH SEPTEMBER 4, 2015

BUSINESSES, HOMEOWNERS AND ABUTTERS:

Please be advised that **Washington St. from Western Ave to Loughton St.** will be closed to both lanes of traffic from **Tuesday September 1, 2015. through Friday September 4, 2015** for the purpose of:

Water Works Improvements.

The affected section of Washington St. will be open to abutters and foot traffic.

Vehicle traffic and will be detoured around the construction area.

Local MBTA bus service both inbound and outbound will be available at the next bus stop down from the construction area.

The Lynn Water & Sewer Commission (LWSC) would like to thank you for your anticipated understanding and cooperation.

Thank You, LWSC
